

Discover how affordable quality can be...

“Successful trade shows are the result of integrating strategic planning with great booth design and impeccable execution.”

Experience & Partnership:

Our aim is to be a service provider of value to you and help you find your way to profitable trade shows.

A partnership is based on trust, understanding and the expectation of performance. We will advise you on how to best project your corporate image through tradeshow properties and visual accessories. This will be executed for you in the most effective manner.

Hunter Expositions' mission is to help you achieve these results through the use of products and services carefully selected to facilitate your objectives.

Logistics:

Short Term and long term storage

North America: Montreal, Toronto, Atlanta, Orlando, Las Vegas

Europe: France, Switzerland

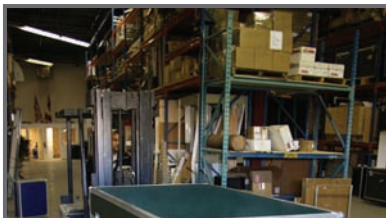

Exhibit Management & Logistics:

Over 20 years experience getting you there on time and show ready!

One of the most critical aspects of trade shows is the timely delivery and assembly of your exhibit. We take this matter very seriously and have successfully executed such projects by following a detailed system of tasks and procedures aimed at reducing the risk of delivery mishaps, extra costs or site contingencies.
